

StM demonstration machine WS1020 MasterCut - 34 cutting hours, built in 2018

Paint: MasterCut

Dark gray RAL 7015 tub, lid side boxes, cover plate front

Light gray RAL 7035 side boxes, cover plate top + bottom

Heavy duty frame

Premium package incl. Premium guides Y & Premium gearbox

Z-axis CNC with height sensing and collision protection

Laser for position determination

CNC control Siemens Sinumerik 840D SL

Premium control cabinet

Computer with 20 "" LED monitor and mounting plate

Cutting head TYPE IV

Abrasive cutting head aJET

Abrasive storage container 250kg incl. Dosing unit and automatic pressure conveyor system

High pressure tubing up to high pressure pump up to Z axis

1 x IGEMS standard license

Safety technology for WS systems

Technical training

12 months warranty

Price: 75.000 Euro

StM demonstration system WS1020 MasterCut pure water - 164 cutting hours, built in 2019

Paint: MasterCut

Dark gray RAL 7015 tub, side box covers, front cover plate

Light gray RAL 7035 side boxes, cover plate top + bottom

Substructure Forming pipes with precision wedges

Anti-reflection ceramic balls in boxes

Premium / MasterCut guides Y-axis

Premium / MasterCut gearbox

Stainless steel tub supports

Z-axis CNC light 180mm with Quick UP

Laser for position determination

Boom 700mm with 2 clean water cutting heads

CNC control MasterCut Eckelmann 15 m / min

Rittal Premium control cabinet computer with 20" LED monitor and mounting plate

Cutting head TYP III (pure water) ALLFI

High pressure tubing up to high pressure pump up to Z axis

1 x IGEMS standard license

Safety technology for WS systems

Conversion to abrasive possible (additional costs involved)

Technical training 12 months warranty

Price: 70.000 Euro
